# STRIKE!

Our product groups at a glance:

**ROD NETWORK BELTS:** Made in music wire, stainless steel or K2390 steel, our rod network belts offer you all the advantages of open grid design and precise belt run.

- Rod network belts are among the most popular conveyor solutions.
- Small deflection radii
- Grid structure for free liquid and air flow
- Guided by various means

**SILICONE MOULDING BELTS:** Märtens silicone moulding conveyor belts are available with customised surface structures and features tailor-made for your products.

- The basis for your product ideas.
- Temperature resistant up to 180° C
- Excellent release properties
- Shaped and structured according to customer specifications

**METAL CONVEYOR BELTS:** Our metal conveyor belts made from round or flat wire spirals are designed for universal use.

- These multi-purpose conveyors are particularly suitable for high-temperature applications.
- With looped or welded belt edges
- Permeable and temperature resistant
- Made in stainless steel

**TIMING BELTS:** Made of thermoplastic or duroplastic polyurethane, they allow for precise conveyance

- They are particularly suitable in cases where every millimetre counts.
- Exact conveyance
- Straight running
- Diverse designs

**PLASTIC CONVEYOR BELTS:** We offer conveyor belts with a variety of fabrics, including polyurethane, PVC, silicone, etc.

- They have been specifically designed for applications where high processing quality is essential.
- Food processing industry
- Processing conveyor systems
- Packaging technology

**ACCESSORIES:** Our comprehensive range of additional services and accessories covers everything required for safe and reliable system operation.

- For safe and secure system operation. .
- Drive and deflection components
- Welding equipment
- Assembly solutions

**MODULAR CONVEYOR BELTS:** Made of polyethylene, polypropylene or polyacetal, they offer robust flexibility.

- With their modular design, they are the most convertible of belts.
- Easy to extend/shorten
- For direct contact with foodstuffs

**SPECIAL MACHINES:** We solve all your problems relating to process technology, based on expertise and years of practical experience.

- Real-world solutions for practical application.
- Curved conveyor systems
- Separating plants
- Made in Germany

**SEPARATING BELTS:** The elasticated silicone material allows for flexible width adjustment of the product over separating distance.

- Advanced solution for special applications.
- Product separation
- Product combination
- With anti-stick surface

**Do you want to make progress?**

Please let us know!

We are happy to answer your questions, provide additional material or make you a non-binding offer.
